

# Notice of Upcoming Project

Dear Business Owners,

Please be advised that the City of Redwood City will be performing construction activities to install automated sliding bollards at the Broadway and Winslow entry points of Theater Way along Middlefield Road. Installation of the bollards will be staggered and conducted at one entry point at a time (starting with the Winslow Project Work Area) to ensure authorized vehicles still have access to the area. Work will be performed intermittently Monday through Friday from May 8, 2023 to June 30, 2023, between the hours of 7am and 5pm. During this time, there will be construction related noise, and access for vehicles and pedestrians through the project work areas may be impacted. We appreciate your understanding and patience during this time.

If you have any questions regarding this work, please call the Public Works Services Department at (650) 780-7464.
